Subject— Estimate for Rs ~~5,30,772~~/- for the works connected with the Jayalakshmipuram (old Padavarahalli Extension) Mysore

---

In June 1944, the Chairman, City Improvement Trust Board, Mysore, forwarded for sanction of Government, an estimate for Rs 3,80,000 for the formation of the Padavarahalli Extension in Mysore City, but the estimate was returned with instructions to revise it in accordance with the suggestions given by the Town Planning Committee

The Chairman, City Improvement Trust Board, Mysore, has accordingly submitted for sanction a revised estimate for -- Rs 5,30,772 which has been scrutinised by the Chief Engineer for Roads and Buildings and corrected to Rs 5,76,250 It is anticipated that the realizations of the sale of sites would be about Rs 5,35,416 and the scheme would be a self-supporting one

The matter was discussed at the meeting of the Council of Ministers held on 26th September 1947 when it was resolved as follows -

"The estimate is sanctioned The sites will be auctioned "

Sir,

With reference to the correspondence ending with Your letter No D2C 55/46-47 dated 14-3-1947 on the above subject, I am directed to state that the Chief Engineer for Roads and Buildings has scrutinised and corrected the above estimate for Rs 5,16,250- and the rates for manholes have been reduced suitably.

I am to enquire whether the above estimate in question may be sanctioned for Rs 5,16,250-

The following information may also be furnished —

1) the Steadfast Source for meeting the Expenditure

in Question

2) Whether this is the original Estimate or a revised one and if the former when the same was sanctioned by the Govt.

Subject: Estimate for Rs 5,30,772/- for the works connected with the Jayalakshmipuram (old Paduvarahalli Extension)

With reference to your letter No 17471/W 8, dated the 26th June 1947 enquiring whether the estimate for Rs 5,16,250/- as scrutinized by the Chief Engineer for Roads and Buildings for the above may be sanctioned, and calling for information on certain points, I have the honour to state the following -

1) The cost of the work will be met out from the realization by the sale of sites in this extension which has already been mentioned in the report accompanying the estimate

2) An estimate for Rs 3,80,000/- was first submitted to Government in this office No D2 C 1449/43-44 dated the 2nd June 1944 which was returned in Law Secretary's letter No L 2679 dated the 20th September 1944 with the observations that it may be revised in accordance with the recommendations of the Town Planning Committee Accordingly the estimate has been revised and submitted for Rs 5,30,772/-

3) Copies of letter No L 2679 dated the 20th September 1944 from the Law Secretary to Government and L 7956 dated the 5th February 1946 from the Revenue Secretary to Government together with a copy of recommendation of the Town Planning Committee are herewith enclosed for kind reference

4) The total estimate amount has been reduced by Rs 14,522/- during scrutiny in the Office of the Chief Engineer for Roads and Buildings This reduction is accounted for by a reduction in the rates of certain items of works in the detail estimate for laying underground sewers This work unlike the other sub-heads will have to be entrusted for execution after calling for tenders and the estimates may have to be revised in case the approved tender rates are higher than those as corrected However, the estimate for Rs 5,16,250/- as corrected may kindly be sanctioned for

P.T.O

regularising the expenditure already incurred upon this work

Subject - Improvements of water supply to Chamundi Extension and providing water supply to the Model Houses at Krishnaraja Nagar

---

With reference to the correspondence ending with your letter No D2 C-05/15-46 dated the 7th January 1946, requesting the Government to make a grant of R 29,800/- to the Trust Board, behalf the cost of the estimate for the above works, I am directed to observe that such proposals for financial assistance from the Government should be scrutinized by Audit with reference to the existing rules, the previous practice and the admissibility of such grants The provision of water supply to the City is a legitimate duty cast on the Municipal Council and it is not clear why the Trust Board has asked for a grant from the Government for the above work, the expenditure which should be met by the Municipal Council

The above proposal of the Trust Board is not therefore acceptable to Government, having regard also to the fact that the Government have recently sanctioned the immediate improvements to the water supply arrangements in the City at a cost of over six lakhs of Rupees
